A Special Evening Benefiting Cardiovascular Health

Friday, September 16, 2022
Omni Viking Lakes Hotel

redheartsoiree.umn.edu
THE EVENT

Red Heart Soirée is the annual signature fundraising event supporting cardiovascular health at the University of Minnesota and M Health Fairview hospitals and clinics. This heartfelt, fun, and inspiring night will take place on Friday, September 16, 2022 at the new Omni Viking Lakes Hotel in Eagan, MN. With its modern design and beautiful indoor and outdoor spaces, this venue will be the perfect backdrop as we come together to celebrate in person once again.

This memorable and exciting evening of celebrating, connecting, and giving will be attended by more than 400 community and business leaders. Red Heart Soirée raises awareness and financial support for the world-renowned cardiovascular research and education at the University of Minnesota Medical School and care at M Health Fairview hospitals and clinics.

Highlights of the evening include a lively cocktail reception on the expansive patio, dinner, exciting live and silent auctions, patient stories, updates on the latest research and innovations, and an after-party with spectacular sweets and entertainment to conclude a perfect celebration. This is a night not to be missed!

YOUR INVITATION

Sponsoring Red Heart Soirée provides an opportunity to support cardiovascular health, host clients and colleagues, and raise your visibility as a caring community partner. As a sponsor, you will inspire others to be generous supporters of this important cause.

INVESTING WITH THE BEST

No organization in the world has had a greater impact in the battle against heart disease than the cardiovascular team at the University of Minnesota Medical School and M Health Fairview hospitals and clinics. For more than six decades, our team has been recognized throughout the world as a bold leader and innovator in the treatment of cardiovascular disease. As a result of this leadership, millions of lives have been saved, and the face of medicine has been profoundly changed.

As discoverers in a new era of cardiovascular medicine, we focus on solving complex issues that require revolutionary approaches and endless creativity. Our team says “yes” when others say it can’t be done. Your partnership and investment in cardiovascular research, education, and patient care will get us closer to achieving the ultimate goal of curing heart disease.
